After Rec. Dir report, committee and Rec Dir had a discussion about Parks & Rec dept activities cost. The town feels that the rec department needs to have offsets to help fund the Parks & Rec budget. The committee understands this position, however feels that there must also be an effort to keep these costs as low as possible so that more people are able to afford our events and that there needs to be some free events.

The committee also agreed that we need to do a fundraiser for the Skateboard Park.
