

OGUNQUIT BEACH EROSION COMMITTEE

MEETING MINUTES

July 28, 2014, 6 PM

In attendance:

Margie Katz
Paul Breen
Martin Crosby
Jim Manning
Milt Vargelis
Jason Jutras
Paul Jean

Absent:

John Cavaretta
Doug Mayer
Bob Winn

Meeting began with June 6th meeting minutes being read. Paul Breen suggested August 25th as date for next meeting. Milt questioned why no beach parking lot receipts go into a beach fund, and why there is no dedicated beach fund. There was some discussion on this issue with no resolution.

Paul B. suggested we come up with a plan to “educate” Ogunquit voters on why they should vote to approve \$50K funding for a study on beach erosion. Margie suggested direct mail since very few residents would show up at a workshop prior to the November vote. Margie also suggested we come up with a backup plan in case the funding is not approved. There was also some discussion why “permitting” should be included in the initial study, rather than waiting to see what the study would recommend.

Paul B. said we should all come to the next meeting with specific suggestions for vegetation and plantings, as approximately \$10K funding has been approved by the Select Board

Respectfully Submitted,
Margie Katz
Secretary
