RE: Opinion on Proposed Charter Revision

Dear Ms. Murphy:

This opinion is being submitted to you pursuant to the provisions of 30-A M.R.S.A. § 2103(5)(D)(4). That statute requires that the Charter Review Commission's final report to the Selectmen include a written opinion from an attorney admitted to the bar of Maine that the proposed charter revision does not contain any provision prohibited by the United States Constitution, the Constitution of Maine or the general laws.

I am an attorney admitted to the bar of Maine. After reviewing the proposed Charter revision included in the Commission's final report adopted on September 14, 2016, it is my opinion that it does not contain any provision prohibited by the United States Constitution, the Constitution of Maine or the general laws.

Sincerely,

Amy K. Tchao
