

## **PROPOSED CHANGES FOR JULY 1<sup>ST</sup>**

- 1) Persons entering the facility will need to present a valid drivers license proving that they are an Ogunquit taxpayer.
- 2) Each household will be permitted one free bag of waste per day (no change from present system). The data collected (# of bags) will be used to judge the efficacy of the present system.
- 3) No free bags for businesses, or rental units.
- 4) All loads over 3 bags (33 gal.) of waste will be weighed.
- 5) All loads over 1 barrel Construction and Demolition will be weighed.
- 6) Cards will be issued to those with rental units free of charge but any waste entering with that card will be charged \$1.00 FROM THE FIRST BAG.
- 7) Credits for Cardboard, Mixed Paper and Metal will be programmed into business permits (see Attachment 1).

These rules were approved by the Board of Selectmen, 2010. However, because a card system was never implemented [due to costs and logistical problems] rules #1 and #7 are not relevant.

Rules # 2 through # 6 are enforced.
