

The Town of Ogunquit, “*Beautiful Place by the Sea*”, has made it a priority to increase recycling in our town. The recycling rules and regulations are for residents, guests, and commercial businesses. Suggestions for improvements to our system are always welcome

Why recycle? Recycling saves tax dollars. **Each ton** removed from the waste stream **will save almost \$400 in tax dollars**. It also makes sense to recycle and reuse materials rather than to simply throw them into a landfill.

Who should recycle? Everyone should be recycling. Whether you are year-round or seasonal, resident or business, we all must do our part in keeping Ogunquit, the beautiful place by the sea, attractive.

What can be recycled? **Corrugated Cardboard and Paper Products**, including newspapers, magazines, phone books, catalogs, junk mail and paper bags. **Paperboard**, including clean food boxes (with liners and metal removed) such as a cereal boxes, shoe and shirt boxes, tubes from toilet paper and paper towel rolls, writing pad blocks and poster board. **Glass, cans, plastic containers and aluminum**, including food cans, beverage cans, aerosol cans, glass bottles and jars, and window glass.

Items that CANNOT be recycled include sanitary tissues, used paper towels, waxed milk cartons and juice boxes, propane tanks, mercury switches or devices. If there is any doubt as to whether an item can be recycled, please check first. Entire truck loads of recycled material can be rejected and land filled if undesired items are mixed in.

PLEASE NOTE that all items to be recycled must be clean and free of contaminants. If you have any questions on whether or not an item can be recycled, or need to know the proper way to dispose of an item please call the **Transfer Station at 646-0478**.
